AppleCare Protection Plan

Features

Comprehensive

- Provides online resources, telephone support, and hardware repairs for a total of three years, beginning the day you purchase your Apple hardware product (including the one-year limited warranty)
- Includes a CD of powerful diagnostic tools
- Covers both hardware and system software

Backed by Apple

- Provides repairs by certified Apple technicians
- Uses genuine Apple parts

Convenient

- Offers a toll-free telephone number for support
- Connects you to an Apple representative who will walk you through to a solution

Now you can get peace of mind about your Apple system with the AppleCare Protection Plan. This comprehensive plan provides a total of three years of service and support for one economical price, and includes web-based support resources, powerful diagnostic tools, telephone support, and Apple-certified repairs!

With your AppleCare Protection Plan purchase, you'll get easy access to extensive online information to help you keep your system running smoothly.

You'll also receive a CD containing TechTool Deluxe software from Micromat. This versatile product tests the major components of your Apple system, including processors, RAM, and hard drives. It also checks your software and can help you diagnose and fix many software conflicts yourself.

During the plan's term, you'll get direct telephone access to Apple's own Technical Support group, the people who know your Apple system best. They'll assist you with both hardware and operating system difficulties, walking you through to a solution.

If repairs are needed, the AppleCare Protection Plan ensures that they'll be performed by certified Apple technicians using genuine Apple parts. The plan covers all repair costs due to defects in materials and workmanship, including replacement parts and labor charges. This makes it an excellent choice for individuals who want protection from unexpected repair costs, and for businesses or institutions that want to control their computer maintenance budgets. In fact, given that a single repair can cost significantly more than the whole three years of the AppleCare Protection Plan, the repair coverage alone can make your investment worthwhile.

The AppleCare Protection Plan is available for the following Apple products:

- iMac computers
- iBook computers
- PowerBook computers
- Power Mac G3 and G4 computers (including the Power Mac G4 Cube)
- Macintosh Server G3 and G4 computers
- Apple displays purchased at the same time and location with a compatible Power Mac G3 or G4 or Macintosh Server G3 or G4 system

The AppleCare Protection Plan can be purchased only while your computer is still under its original one-year warranty, so sign up today and get a total of three years (from the date of your Apple hardware purchase) of peace of mind for your Apple system.

Specification Sheet

AppleCare Protection Plan

Features

Benefits

Web-based support resources

Technical Information Library	<ul style="list-style-type: none"> Provides comprehensive information about technical issues with Apple products—including new solutions and usage tips directly from Apple experts

For more information about Apple support options, please visit www.apple.com/support in the United States or www.apple.com/ca/support in Canada.

Apple

1 Infinite Loop
Cupertino, CA 95014
408-996-1010
www.apple.com

¹ Repair service may include onsite, carry-in, and express courier service; specific option availability depends on product type and location of Apple Authorized Service Provider.

² Owners may obtain service under the AppleCare Protection Plan anywhere in the United States and Canada. (Note, however, that the AppleCare Protection Plan cannot be sold to consumers residing in Florida. "Consumers" are persons who do not use their computers to generate income.)

The AppleCare Protection Plan covers the Apple computer system listed on the front of the plan's package. It is valid in the United States and Canada. You must purchase a separate package for each system you want covered. To be eligible for coverage with a computer, an Apple display must be purchased at the same time as the Power Mac G3 or G4 or Macintosh Server G3 or G4 system with which it is used. The plan covers the Apple keyboard and mouse when they are purchased with a covered system. An AirPort Base Station and AirPort Card are included in the coverage of the system with which they are used. The plan is subject to terms and conditions, which are provided on the AppleCare website at www.apple.com/support/products/proplan.html in the United States or www.apple.com/ca/support in Canada.
